

Tough-PAC®

Tablet

Tough-PAC® Tablet is a hard shell anti-microbial case & docking system for iPad designed for use in healthcare or other harsh environments. It provides protection against work place damage, knocks, fluids, users, theft and inhibits or destroys contaminating harmful bacteria, fungi & moulds.

With busy staff in mind Tough-PAC® has rapid 'Simply-Dock' cradles, removing the need for plugging in cables for routine charge or sync functions.

The desktop cradle allows use in either landscape or portrait modes making it a useful workstation.

Tough-PAC® Tablet adds protection, ease of use and low maintenance - peace of mind.

Vision

"It reaches beyond the thing that is, into the conception of what can be. Imagination gives you the picture.
Vision gives you the impulse to make the picture your own" Robert Collier 1885-1950
