Tough-PAC®

Tough-PAC® Case

For iPad 7th, 8th & 9th Gen
10.2" and Air3 10.5"

Tough-PAC® Tablet is a hard shell anti-microbial enclosure and docking system for iPad 7th, 8th, 9th Gen 10.2" and Air3 10.5" designed for use in healthcare or other hygiene sensitive environments.

Tough-PAC® provides all round protection against workplace damage, knocks and fluids, and inhibits or destroys surface contaminating bacteria, fungi, moulds and viruses.

With busy staff in mind, Tough-PAC® has 'Simply-Dock' cradles, multi-docks and VESA wall mounts, removing the need for plugging in cables for routine charge or synchronicity functions - complete flexibility.

These cases include an antibacterial tempered glass screen as standard providing 360° protection against potentially harmful surface contamination.

Tough-PAC® Tablet Cases for iPad add quiet, secure confidence, safety, ease of use, low maintenance and peace of mind.

Tough-PAC®

Charging Station CS4

For iPad 7th, 8th, 9th Gen 10.2",
Air3 10.5" and 10th Gen 10.9",
Air4, Air5 10.9", iPad 11"(A16)
and iPad Air 11"(M3)

Tough-PAC®'s versatility as a mobile tablet PC is further enhanced by the Charging Station CS4, allowing intelligent charging or synchronising up to 4 Tough-PAC® units simultaneously using 'Simply-Dock' interface technology.

Intended for teams or busy departments, the CS4 cradle may be located in any desktop location, even inside a suitable cabinet for added security.

For IT management, CS4 has its own optimised USB hub that delivers precise power for charging and allows data management via a USB cable for up to 4 iPads at the same time.

IVT CODE

DESCRIPTION

TP1004/UK

Multi-Charge Station 'CS-4' Hub (4 way) with UK Adapter

TP1004/EU

Multi-Charge Station 'CS-4' Hub (4 way) with EU Adapter

TP1004/USA

Multi-Charge Station 'CS-4' Hub (4 way) with USA Adapter

Tough-PAC® 4 Dock Multi Charging Station for iPad 7th, 8th, 9th Gen 10.2", Air3 10.5" and 10th Gen 10.9", Air4, Air5 10.9", iPad 11"(A16) & iPad Air 11"(M3)

Key Features & Benefits

- Cleanable with moist anti-microbial wipes or sprays (See *Website for approved wipes and sprays*)
- Intelligent charging or synchronising up to 4 devices simultaneously. Provides up to 2Amps power on demand in standard and 1.5Amps in USB modes
- LED indicators of device charge level
- DC Power supply allows easy location inside cabinets or similar
- Use, dock and go - no cables required to plug into devices
- Compatible with iPad 7th, 8th, 9th Gen 10.2", Air3 10.5" and iPad 10th Gen 10.9", Air4, Air5 10.9", iPad 11"(A16) and iPad Air 11"(M3)
- Available for UK, EU, US and Worldwide

Technical Specifications

- 'Simply-Dock' USB interface technology*
- Optimised USB 2.0 Hub Management
- 12v5A DC power supply, efficiency Level VI
- Weight of dock: 2.31 kg
- Size of dock: 25 x 35 x 7 cm
- CE Marked
- FCC
- EMC Accreditation

*USB Hub interface functions with Windows or Mac PCs & Apple Configurator and MDM Software

99.9% reduction of surface contamination ISO 22196 tests.

Tough-PAC®

Tough-PAC® Single Dock Charging Station

For iPad 7th, 8th, 9th Gen 10.2", Air3 10.5" and 10th Gen 10.9", Air4, Air5 10.9", iPad 11"(A16) and iPad Air 11"(M3)

Tough-PAC® Single Dock Charging Station is a docking station for iPad, designed for use in healthcare or other strict environments.

Tough-PAC® has 'Simply-Dock' desktop cradles that complement the iPad tablet cases, removing the need for plugging in cables for routine charge* or synchronicity functions.

The desktop cradle allows use in either landscape or portrait modes when not charging, making it a useful workstation.

* The Apple USB or equivalent 2.1A power adapter should be used for charging.
(The type of USB Cable used (USB Type A or USB Type C) is dependent upon on the existing power adapter that is supplied with the iPad.)

Tough-PAC®

Wall Mount

For iPad 7th, 8th & 9th Gen 10.2", Air3 10.5" and 10th Gen 10.9", Air4, Air5 10.9", iPad 11"(A16) and iPad Air 11"(M3)

Wherever it may be required, the Tough-PAC® Wall Mount can be fixed to a suitable vertical surface.

The Wall Mount provides charging function when docked and may be rotated in to either portrait or landscape orientation.

The iPad's power supply is conveniently hidden and secured in a shelf behind the face plate. A mains cable is used to provide the power supply.

VESA Mounting Plate (75mm or 100mm) can be supplied for use with extendable arms.

The sturdy steel construction is coated with anti-microbial paint finish.

TP084WM

VESAPLATE

IVT CODE	DESCRIPTION
TP084WM	Wall Mount Charge and Sync Cradle (USB)
